

Good Morning,

Please see the attached Emergency Services Report for SAVES. During the month of January, SAVES responded to 43 Fire and Rescue calls and 143 EMS calls for a total response for the month of 186 calls for service. In Conewago Township SAVES responded to 14 Fire and Rescue calls (32.56%) and 42 EMS calls (29.37%) for a total response in the Township of 56 calls (30.11%). SAVES responded to 20 Fire and Rescue calls (46.51%) in our first-due area as well as 78 EMS calls (54.55%). In total, SAVES responded to 98 calls (52.69%) in our first-due area. We also provided Fire and Rescue mutual aid 23 times (53.49%) and EMS mutual aid 65 times (45.45%). SAVES responded to 88 incidents (47.31%) outside of our first due area. SAVES averaged 7.82 personnel per Fire and Rescue calls and 1.75 personnel per Fire Police calls.

In January we held our Company meeting and our annual Blood Borne Pathogen training. The annual NFPA flow testing of our SCBA was also completed by a third party vendor. The monthly Board meeting was held and the majority of our fundraisers for the month were cancelled.

This month the monthly meeting was cancelled because of inclement weather. We responded to multiple calls during the duration of the snow storm without difficulty. The monthly training this month will be the annual SCBA training. Our Amkus hydraulic rescue tool will be serviced and we will hold the monthly Board meeting.

As always, thank you for the continued support to our organization. Please feel free to contact me should you have any questions pertaining to this document.

Respectfully,

*Thomas M. Lawrence, Jr.*
