ADMINISTRATIVE
The bills paid/to be paid report was included in the packet for review.

Tom Weaver of SAVES explained the Apparatuses Replacement Project. SAVES will be replacing two pieces of apparatuses with one new piece. The new piece of equipment has been ordered and the lead time for that is approximately June of 2024. SAVES is following the National Fire Protection and that suggests that equipment should be replaced between 25 and 30 years. He is hoping that the Weaver Foundation and the Hoffman Foundation will provide a donation as well as local municipalities and businesses. Discussion occurred.
