Scott Small, Maintenance Manager - Absent

The meeting was Facebook live streamed and open to the public.

Attendance: Approximately two people were present.

PUBLIC COMMENT
No public comment provided.

ADMINISTRATIVE
The bill's paid report was included in the packet for review.
Eric Mains, of the Borough of Hanover was present to discuss the projects they have in the planning stage. One project is a gasification system with Sean Sweeny from Earth Care Solutions. The borough is looking at options for the location of this facility. Mr. Mains said there's two options. One being at the current sewer treatment center on O'Brien Lane and the other location being at their old sewer treatment facility on Ram Drive. The borough has concluded that the Ram Drive facility makes more sense in accommodating the operation which takes wood chips and sludge to make carbon fibers to generate heat, electricity, and carbon filters. Mr. Mains said he will keep the township updated with updates.
